WHAT SETS US APART?!

OUR APPROACH

As the videography team for your wedding, our #1 goal is to tell your story in an authentic and beautiful way. We try to be as discrete as possible most of the day, but also won't hesitate to direct you as a couple from time to time to get certain shots.

When you hire us, Ryan will be the one who shows up on your wedding day and the one to edit your videos! We do not subcontract videographers or editors. Because of this, we can assure a consistent quality wedding film every time.

From the planning process with Jenn, to Ryan's extensive experience and filming style, we are able to offer our most popular package utilizing a single videographer. Because of this, we can offer luxury wedding films at an affordable price.

We are easy to work with! While we've created a plan together for your day, we are also able to easily adapt to changes as they come. We also love collaborating with other vendors and are happy to offer recommendations!

ABOUT US

We are a husband and wife team! We've been married since 2015 and have 2 sweet girls and a one-eyed puppy named Pip. With Jenn's eye for detail and Ryan's creative abilities, we will work together with you to create films that capture all the special aspects of your day.

Ryan Feister | Owner & Film Maker

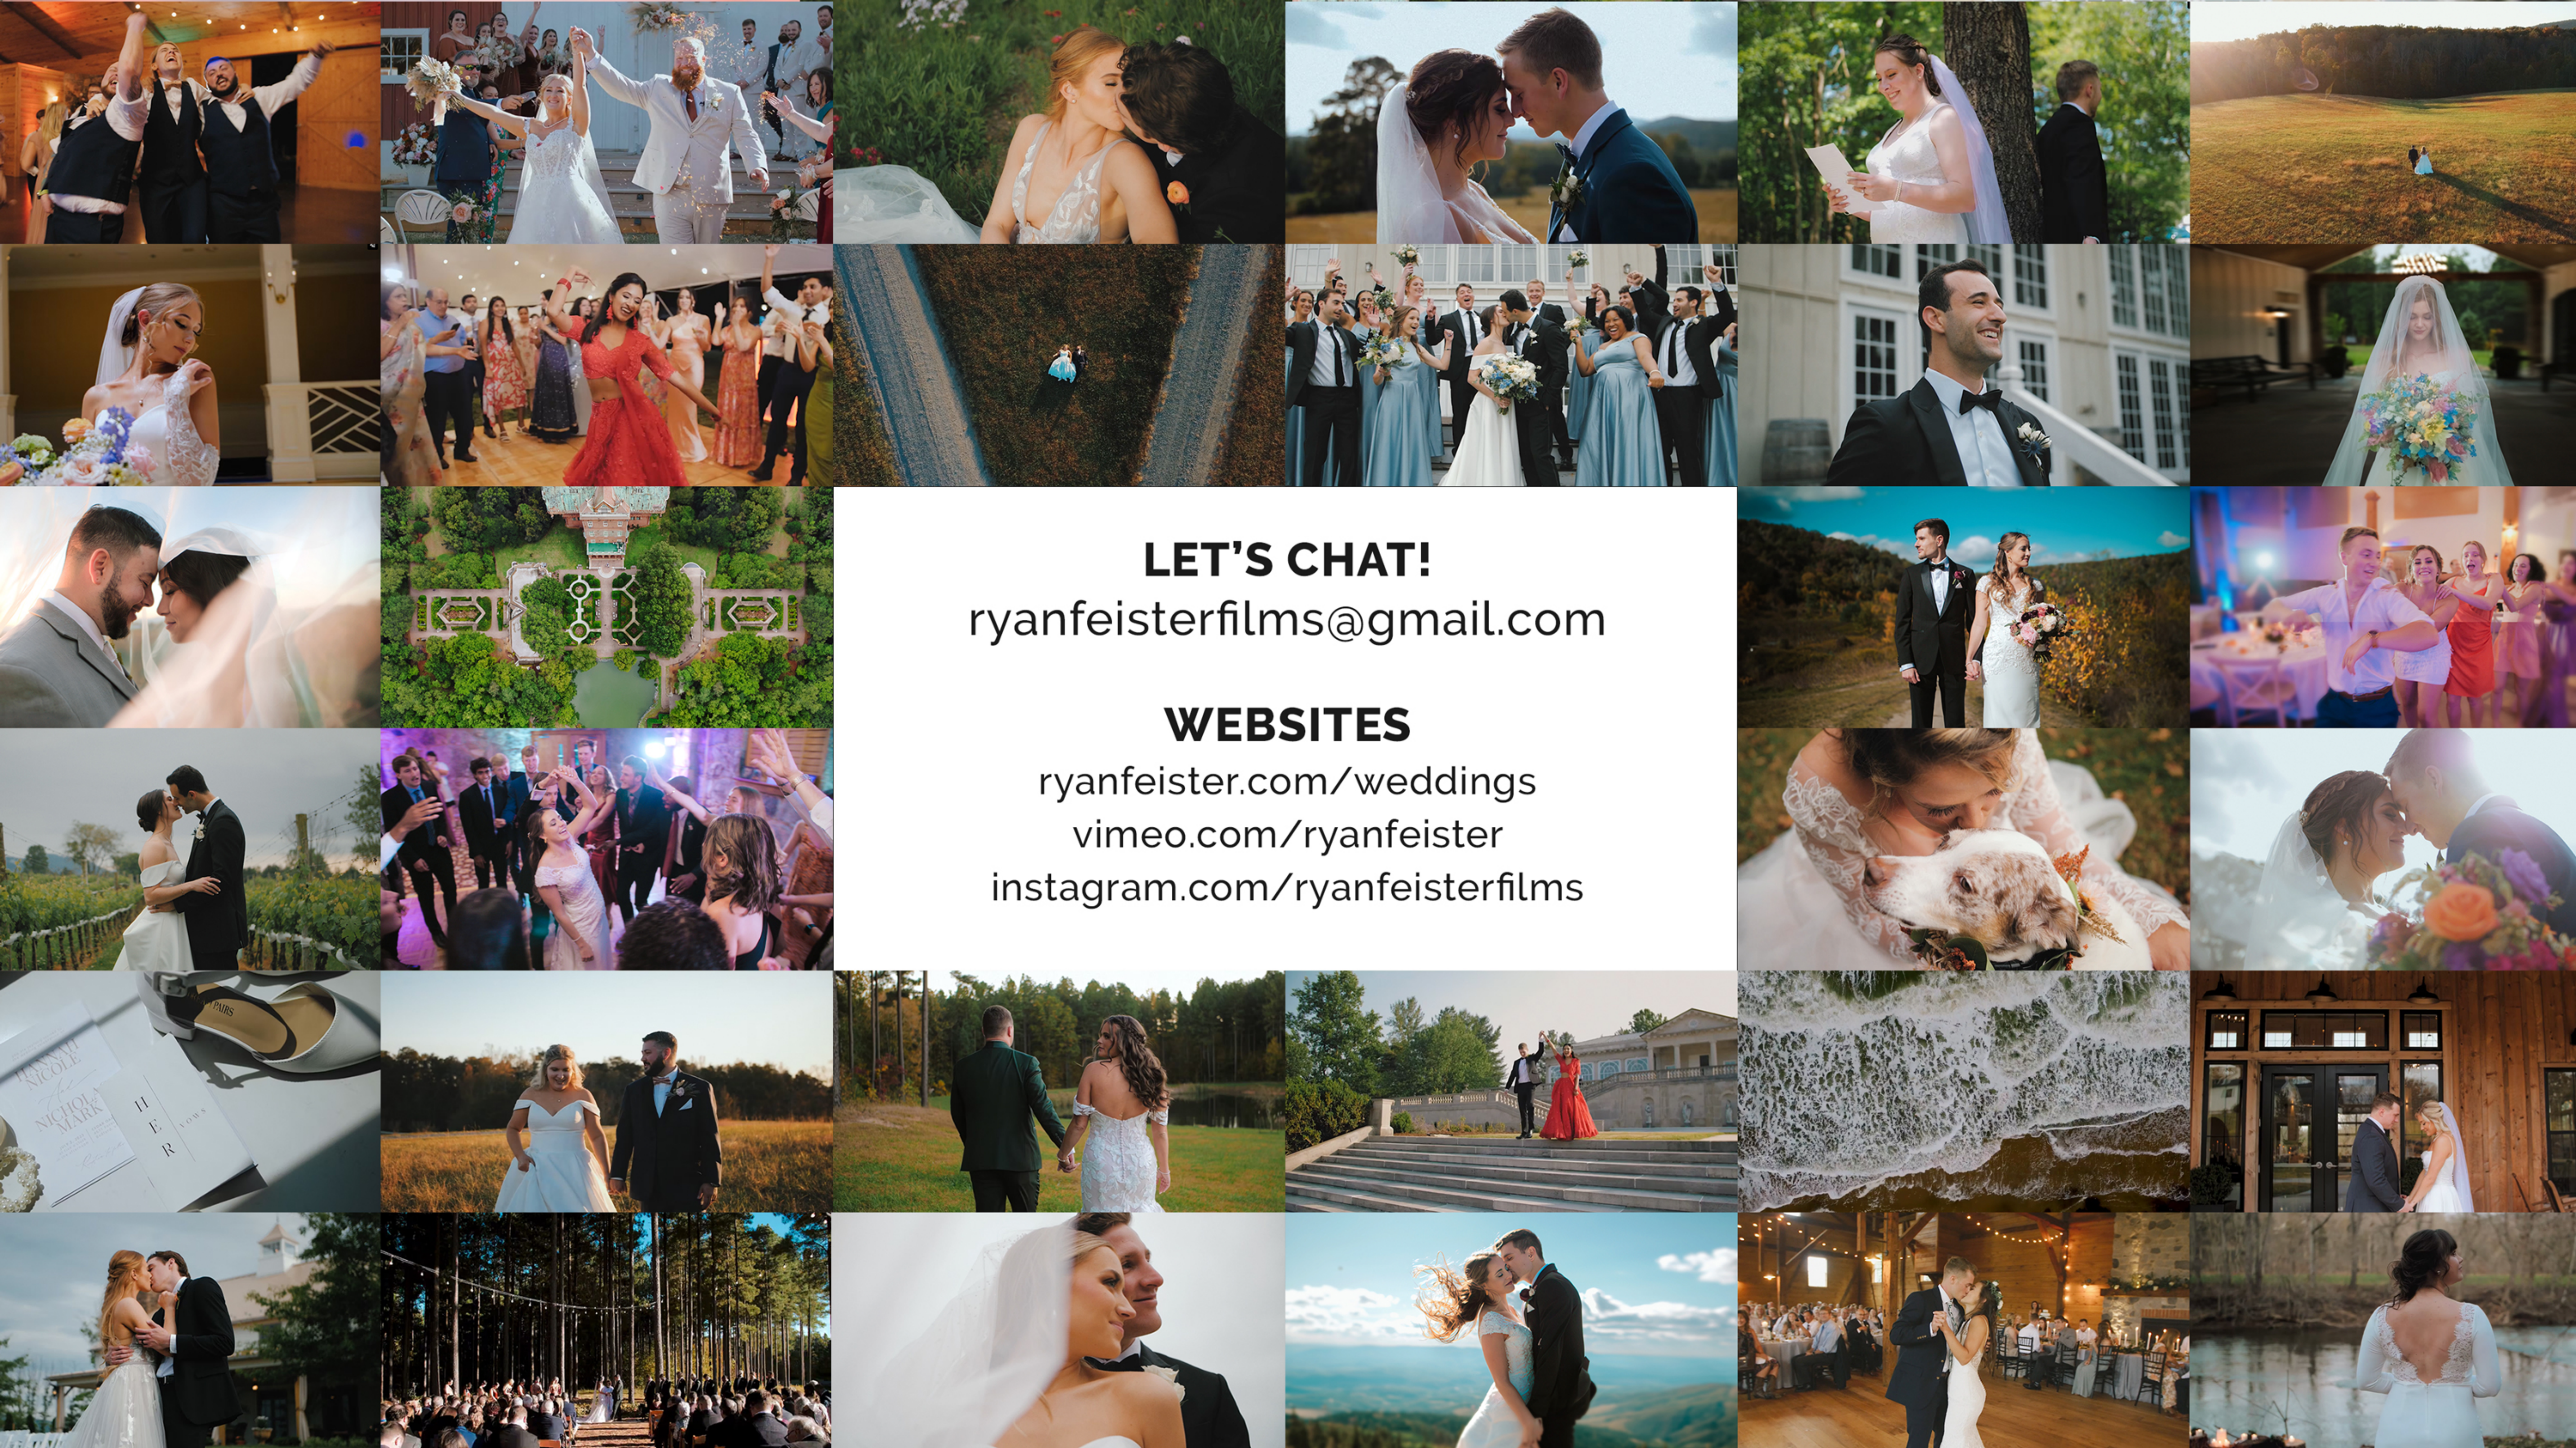

Ryan has been a full-time videographer, photographer, and editor since 2017. His work has taken him around the US and to over 20 countries as a videographer and photographer.

Jenn Feister | Administrative Coordinator

As a former teacher with a background in administrative work, Jenn is detail-oriented and organized. Her desire is to understand your unique vision as you plan the most important moments of your day.
